RE: Letter of Recommendation

---

To whom it may concern,

Our firm and key personnel have worked with Wellington Builders inc. on numerous and varied scale of projects from renovations to new buildings for over 20 years; including under a design-build Construction process. Currently ROA and Wellington Builders are collaborating on an educational project for the Lambton Kent District School Board.

We find Wellington Builders inc. to be cooperative and very professional to work with, at all times with the best interest of the project in mind. They are conscientious about the extreme quality of work and understand the crucial aspect of project schedules as well as the sensitive nature of each project.

We would not hesitate to work with them again or to recommend their services.  
If you should have any additional question in regards to Wellington Builders inc. please do not hesitate to give me a call.

Yours truly,
